Subject: Application for the position of Software Development

Dear Sandra Patricia Cuadros Anaya

Best regards.

I am writing to you to submit my formal application for the position of Software Development Assistant, recently posted by your organization. I am a Professional Software Development Technician at the SENA Institute, and I am interested in providing my knowledge, skills, and proactive attitude to your company to support the development team. The purpose of this application is to join an organization where I can strengthen my technical capabilities and actively contribute to the development of technological solutions. I am specifically applying for the position of Software Development Assistant, as I believe my academic profile and skills fit the requirements of the position.

My main skills include:

- Knowledge of languages such as Python, Java, and SQL.
- Basic experience managing relational databases such as PostgreSQL.
- Familiarity with version control using Git.
- Good teamwork and technical problem-solving skills.
- Willingness to continuously learn and adapt to new tools.

I believe I can bring a fresh perspective, commitment, and responsibility to your team. I am also particularly interested in working on projects where I can grow professionally, contributing to the achievement of common goals and the continuous improvement of technological processes.

If you require further information, please contact me at alejosepulveda981mail.com or at phone 3197751596.

I appreciate your attention and look forward to any additional information you may require to continue the selection process.

Sincerely,

Alejandro Sepúlveda Duarte
